

Tweaking Agency

Gimme Care — legal outreach to TrimRx & peptide affiliate (draft)

Client: **Gimme Care**

Date: **2026-07-06**

Flagged listings: **22**

[← All reports](#) · [Evidence report](#)

Attorney work product — draft only. Tweaking Agency prepared this for Gimme Care legal counsel. Do not send without review, jurisdiction check, and confirmed addressee/service.

Purpose

Ready-to-customize demand letters and talking points to stop competitor / affiliate use of **GIMME CARE** in deceptive search listings that funnel consumers to TrimRx and compounded peptide offers at `healthbenefit.vip`. For a plain-language summary of the attack and recommended legal steps, see the [evidence report](#) sections *What is happening*, *What legal can do*, and *Takedown script*.

While Gimme Care has not been hit by the same journal parasite SEO campaign as Amble, we identified **19+ indexed third-party pages** that use **Gimme Care** in titles/snippets on unrelated domains (e.g. `dshafjk.com`, `taoaadt.com`) — not `gimme.care`. Separately, our Amble investigation ties the same TrimRx / `healthbenefit.vip` affiliate ecosystem to systematic **Amble** brand impersonation. Gimme requests that TrimRx and its peptide-marketing affiliates cease any use of **Gimme Care** marks and refrain from authorizing affiliate copy that references our brand.

Recipients

1. **TrimRx** — `trimrx.com` · Google Ads Transparency advertisers (e.g. S-Class Media Pty Ltd, Ads Mavericks) · affiliate network operator

2. **Peptide / affiliate LP operator** — healthbenefit.vip, glp-1.healthbenefit.vip (WHOIS registrant + hosting provider)

Evidence to attach

- [Brand impersonation evidence report](#)
- SERP exhibit screenshots (in report)
- CSV URL inventory (download from evidence report)
- Optional: screen recording of click path on worst affiliate-farm URLs

Re: Cease and Desist — Unauthorized Use of GIMME CARE Trademarks and Deceptive Search Listings

Dear Counsel for TrimRx:

We represent Gimme Care ("Gimme"), which operates the official telehealth platform at gimme.care. Gimme owns common-law and/or registered rights in the GIMME CARE mark and related trade dress in connection with GLP-1 weight-management telehealth services.

1. UNAUTHORIZED BRAND IMPERSONATION IN GOOGLE SEARCH RESULTS

Gimme has documented indexed third-party pages that display GIMME CARE headlines on non-gimme.care domains (e.g. dshafjk.com, taoaadt.com) — affiliate SEO and review-farm pages that capture consumers searching for Gimme Care GLP-1 services. As of July 6, 2026, we have identified 22+ such listings. Evidence (SERP screenshots, indexed URLs, redirect chain

documentation) is attached and available at our internal evidence report.

2. LIKELY AFFILIATE / PERFORMANCE-MARKETING NEXUS

TrimRx or its authorized affiliates, agencies, or performance-marketing partners may be the commercial beneficiaries of traffic obtained through deceptive use of Gimme's brand on third-party domains. TrimRx is uniquely positioned to identify, terminate, and remediate affiliate partners that use GIMME CARE marks in search copy or landing pages.

3. LEGAL VIOLATIONS (NON-EXHAUSTIVE)

The conduct described above likely constitutes, among other things:

- Federal Lanham Act trademark infringement and false designation of origin (15 U.S.C. § 1114, § 1125(a));
- Unfair competition and consumer deception under state law;
- FTC Act § 5 unfair or deceptive acts or practices (15 U.S.C. § 45), including misleading search listings that imply affiliation with Gimme Care;
- Potential contributory infringement if TrimRx knows of infringing affiliate activity and fails to act.

4. DEMANDS

On behalf of Gimme Care, we demand that TrimRx, within ten (10) business days of receipt:

- (a) Cease and desist all use of GIMME CARE and "Gimme Care" and confusingly similar marks in paid and organic marketing, landing pages, affiliate creatives, comparison pages, and metadata;
- (b) Direct all affiliates, lead generators, media buyers, and peptide/compounded-GLP-1 marketing partners to immediately remove GIMME CARE and "Gimme Care" references from ads, LPs, and indexed content;
- (c) Block traffic from known affiliate-farm domains (including dshafjk.com and taoaadt.com) from converting on TrimRx properties, and cooperate in identifying affiliate IDs tied to Gimme Care copy;
- (d) Provide written confirmation of steps taken, including affiliate account terminations and takedown requests issued;
- (e) Preserve all documents relating to affiliate agreements, healthbenefit.vip, Everflow/affiliate tracking IDs, and marketing assets referencing GIMME CARE.

5. RESERVATION OF RIGHTS

Gimme Care reserves all rights and remedies, including injunctive relief, damages, attorney's fees where available, and complaints to the FTC, Google, and domain registrars. This letter is without prejudice to any claim or defense.

Please direct all communications to the undersigned counsel.

Respectfully,

[Attorney Name]

Re: Immediate Takedown — Deceptive GIMME CARE Brand Impersonation Funneling to Compounded Peptide / GLP-1 Offers

Dear Sir or Madam:

We represent Gimme Care, operator of gimme.care. You operate (or host) landing pages at healthbenefit.vip and glp-1.healthbenefit.vip that receive traffic from deceptive Google search listings impersonating Gimme's brand.

BACKGROUND

Consumers searching for Gimme encounter organic results showing GIMME CARE headlines on unrelated third-party domains. Those pages may route consumers to peptide/GLP-1 marketing funnels without authorization from Gimme Care. Consumers reasonably believe they are engaging with Gimme Care — they are not.

DEMANDS (10 BUSINESS DAYS)

1. Immediately disable or remove any landing page, subdomain, or redirect path that uses GIMME CARE / "Gimme Care" in page copy, metadata, or ad creative;
2. Provide affiliate / buyer identification for any traffic sources referencing Gimme Care in URL paths or page copy;
3. Confirm in writing that healthbenefit.vip will not accept or monetize traffic obtained through trademark impersonation;
4. Preserve logs, affiliate contracts, and redirect rules for all glp-1.healthbenefit.vip traffic since June 1, 2026.

Failure to comply may result in DMCA/trademark takedowns, registrar complaints, FTC referrals, and litigation for unfair competition and trademark infringement.

Enclosures: Redirect chain documentation, SERP exhibits, URL inventory

Phone / email script — affiliate manager outreach (internal)

Use if legal first contacts TrimRx affiliate team before formal service:

"Hi [Name], I'm calling from counsel for Gimme Care. We've documented Google organic listings on third-party domains (dshafjk.com, taoaadt.com, and similar) that use 'Gimme Care' in the headline while the display URL is not gimme.care. We need your affiliate compliance team to (1) identify any partner running 'Gimme Care' copy, (2) terminate those relationships

today, and (3) confirm in writing within 10 business days. We're attaching evidence. Who owns affiliate enforcement on your side?"

Next steps checklist

1. Run WHOIS on dshafjk.com, taoaadtd.com, and worst offenders in CSV
2. Identify TrimRx registered agent / legal contact (preventive C&D)
3. File Google spam reports for sample affiliate-farm URLs
4. Monitor weekly for OJS journal-parasite pattern (as seen with Amble)
5. Set 10-business-day follow-up calendar hold

Internal legal / competitive intelligence — not for publication. Evidence: DataForSEO expanded parasite SERP scan + paid-slot check (2026-07-06).
