Constraint: Only *posts* can be removed — not individual comments. This report lists the **top 15 negative posts** prioritized by (1) Google AI Overview utilization and (2) Reddit engagement (upvotes + comments).

1. Ranking method

- **AI Overview named citation** — highest priority. Confirmed: “WARNING: Do not use Gimme” on is gimme care a scam (SERP audit 2026-07-08).
- **AI Overview theme match** — posts that mirror AIO bullets: scam/legit doubts, warm vials / shipping delays, chat-only support, cancellation / billing friction, low-concentration / dose confusion. r/gimmecare is itself an AIO cited source on review queries.
- **Engagement** — upvotes first, then comment volume as secondary signal.
